

RMA Worldwide Chauffeured Transportation Acquires Eyre Bus Service

Acquisition unites two long-standing Maryland transportation companies and expands RMA's motorcoach, shuttle and group transportation capabilities

Rockville, MD — September 1, 2026 — RMA Worldwide Chauffeured Transportation announced the acquisition of Eyre Bus Service, one of Maryland's most established and respected transportation companies.

Founded in 1947, Eyre has built a 79-year reputation for safe, reliable and professional transportation throughout Maryland and the greater Washington, D.C., region. The combination brings together two Maryland-based companies with a shared commitment to exceptional service and to taking care of their clients and employees.

"We have tremendous respect for what the Eyre family and their team have built over the past 79 years," said Robert M. Alexander, CEO of RMA Worldwide Chauffeured Transportation. "We are honored to carry that legacy forward. The values that have earned Eyre the trust of generations of customers align closely with RMA's values and the way we operate our business."

The acquisition strengthens RMA's presence throughout Maryland and the Mid-Atlantic while adding significant motorcoach, charter and shuttle capabilities. Eyre's experience in corporate and employee shuttles, school and university transportation, group charters, tours, events and large-scale movements complements RMA's existing operations.

Eyre clients will gain access to RMA's broader fleet, advanced technology, 24/7 operational support and extensive national and global transportation network, while continuing to benefit from the local knowledge and personal service for which Eyre is known.

“For nearly eight decades, Eyre has been built on trusted relationships, dependable service, and a deep commitment to excellence and integrity. As we looked to the future, it was important to us to find a partner who respected the legacy we have built while sharing our vision for what comes next. We found that partner in RMA Worldwide. We are confident that this partnership will create new opportunities to better serve our customers and employees while preserving the values and personal approach that have defined Eyre for generations.”

— Matt Eyre, President, Eyre Bus Service

“Growth is important to us, but finding the right companies and, most importantly, the right people matters most,” Alexander added. “We look forward to welcoming Eyre’s employees and clients to the RMA family, preserving what has made the company special and building on that foundation together.”

The acquisition further enhances RMA’s ability to provide a complete range of transportation solutions, from executive sedans and SUVs to Sprinters, minibuses, full-size motorcoaches, employee shuttles and complex group transportation programs.
